## EDUCATION

### Mountain Top University, Nigeria—Bsc Software Engineering (First Class)

September 2022 - July 2026

Selected projects.

#### [MTU Transit - Student Holiday Travel Booking Platform](#)

*Built a web-based platform that digitizes student holiday travel bookings, improves departure coordination, and enhances transparency between students and transport administrators.*

### NobelHouse College, Nigeria — Cambridge IGCSE (Distinction)

September 2017 - June 2022

## PROJECTS

### Stockkeep Inventory Manager— [Click to view demo](#)

Software stack - PRN .

This app is an inventory and store management system designed to solve the problem of manual stock tracking and operational inefficiencies in businesses. It enables managers to monitor inventory levels, track product movement, and manage multiple store locations in real-time.

### VendorBoost Marketing Platform— [Click to view demo](#)

Software stack - MRN.

This platform is a marketing automation tool that addresses the challenge small-scale vendors face in reaching wider audiences. It allows vendors to leverage WhatsApp networks to share products, coordinate promotions, and increase visibility collaboratively.
